Reporting on code enforcement activities for Mar- April 2024

**I have been working on the chicken permit application that is all ready to go**

**I have several complaints, one for a septic back up into two apartments the owner took care of everything as fast as he could and cleaned up. Another complaint for dog going to the bathroom on the neighboring properties I spoke to the owner and hopefully the will clean up after there dog from hear out or I will see what the next action is to take. I am working on a complaint about the roof over the well at the trailer park in the Village to see how we can make it so no kids have access to the well**

**I am getting ready for the 2024 fire inspections**
