There is not a lot to report as we have been focusing on finishing projects by the end of this year that were started this year and even last fall. There are no major projects planned after we finish in Warnerville, until possibly next year (replacing copper wire in West Richmondville) unless someone needs line extensions. These projects are providing system improvements and updating old structures, which is important in rate cases.

Finished Palmer Road bypass project.

Built line extension for LTE Garage on Ploss Road

Resuming work in Warnerville. When we are done with that we are going to focus on catching up on some tree trimming.

There is a meeting with the MEUA on Thursday 9/19 at 10:30 am to discuss the School Bus Garage. Ken Podolny had a meeting with National Grid to discuss this and we should find out the results at that time.

Our summer help had his last day on 8/23. Ben worked out well, and should he want to return, I look forward to having him again next year.

I am waiting on word as to whether to proceed with Rick Palumbo with USA Software, for the inventory software. I am also waiting on word as to whether or not to proceed with Smart Kable for doing a study on our system.

Bret, Gabe, and I are certified for another year in pole top rescue. We also certified for first aid/cpr for the year as well.

Upcoming meetings/Training

Oct 1-3 MEUA Annual Conference/NYMPA Semi Annual Conference

October 30 Safety Training in Mohawk

November 6-7 MEUA Engineering/Accounting Workshop, Syracuse

*Mayor – Carl Warner Jr. ❖ Trustees – Milan W. Jackson, Robert Hyatt, Garry Davis, Cynthia Miller
Clerk-Treasurer – Hope Bayes ❖ Superintendent of Public Works – Eric Jones ❖ Superintendent of Power & Light – Tim Smith*
